

STAY
in your vehicle.

WARN
bystanders to stay far away.

CALL 911
and wait for
utility workers
to arrive.

Assume all downed lines are **energized and dangerous**, even if they don't hum or spark.

Exit the vehicle ONLY if you notice smoke or fire:

1. **Plan** your exit route to avoid sagging or downed lines.

2. **Jump** clear of your vehicle.
DO NOT touch the vehicle and the ground at the same time.

3. **Land** with your feet together and shuffle away with small steps. Keep your feet close together and on the ground at all times.

4. **Stay** far away from the crash area until utility personnel tell you it's safe.
